ADDITIONAL INFORMATION

TRACKS

Sessions of interest to parents and caregivers of a child with a bleeding disorder will take place in the Forum. Sessions geared toward adults with bleeding disorders and their family members will take place in the President's Dining Room.

CHILDCARE

Children will be cared for again this year by the professional caregivers of White House Nannies. They will be in the Dance Studio on the first floor near the elevator. Lunch will be provided in the room for the children; we will have pizza this year. There will also be water and juice boxes. Please let the caregivers know if your child has any dietary restrictions. You are also welcome to have your child eat with you if that's what you would prefer.

PARKING

Parking is free for all meeting attendees in Lot B.

EXHIBITORS

Thanks to this year's exhibitors! Take time to speak with local home health care and pharmaceutical company representatives. Exhibitors will be available from 9:00 am – 2:30 pm, and there will be time to go around and visit with our representatives before the event begins and during lunch. Pick up your Passport to Health at the registration desk, write your name on it, have it stamped by all exhibitors, then turn in your card at the end of the day for a chance to win a gift card.
